

Farm Machinery Rental

Large Scale Production Program

Large Scale Production Program

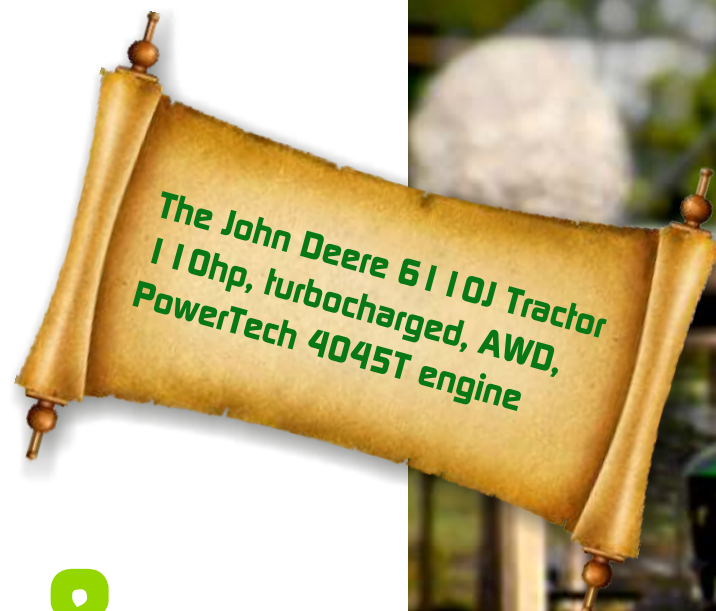

Stop Losing Money!

- 🚜 • Match the size of machines you use to the size of your farm
- 🚜 • Substantial inefficiencies creep into your agri-business when you use small machines on farm land above 200 hectares

RentWorks® presents...

...the lease & hire of tractors and implements to prepare your land, plant your crops and care for your crops for large-scale crop production.

The John Deere 6110J Tractor
110hp, turbocharged, AWD,
PowerTech 4045T engine

Tillage & Cultivation Package

Lease the powerful,
110hp John Deere 6110J
tractor to pull...

...an array of high quality
implements and attachments

Recommended for farm sizes of not less than 200 hectares

- The JD 425 - 32 Disc Offset Harrow
Use the 425 Offset Harrow with 9-inch spacing for primary tillage in stalks and stubble

- The GreenSystem Sc1213 Tine Cultivator
The tiller deeply pulverizes the soil enabling the soil to be broken down into fine particles

- The John Deere 1590 No-till Drill, 22 Rows, 40-90cm spacing
The most effective way of getting seed into the ground quickly
Ideal for row crops, small grains or grasses

04. Large Scale Production Program

- The JD MP25 Planter
Expert seeding and fertilizing simultaneously

- The JD MS 1117 Fertilizer Spreader
175 Bushel capacity Manure broadcaster Ground & PTO Driven

- The John Deere 724 Trailed Sprayer
2,400 litre tank capacity; 18 metres (double fold) boom
Advanced spraying technology of the 700 series boosts your productivity by minimizing wastage

Baling Operations

“ Rice straws and maize stocks are good sources of hay, providing the farmer substantial additional income when baled ”

Rent the JD 359 Baler together with the JD 5503 tractor with a loader attachment for your baling operations

- The JD 359 Baler
Bale your rice and maize stock and earn extra income from your hay

- The JD 5503 2WD Tractor with a mechanical Loader attachment
For use in picking, loading
